

WINTER REPORT

How quickly time passes! Already we are bottling our 2023 reds and the last of the 2024 unwooded whites. Easter and the Lovedale Long Lunch are well in the rear vision mirror.

Now that the 2024 vintage wines have been clarified for bottling it is becoming evident that the 2024 vintage really was one "out of the box". The alcohols are slightly higher than we would normally expect but the flavours are rich and lingering. In fact this July club pack contains two of the whites from this terrific Hunter vintage. Try the Semillon and you will see the benefit of buying more to cellar!

As we start pruning the vineyard we are already looking towards the next vintage - a cycle that seemingly never ends.

Of particular note for this year is one of our winemakers, Jeremy, is off to Portugal for a vintage, working in a small winery in the Alentejo region. This winery has been removing traditional French varietals and planting old, traditional Portuguese varieties, many of which had been long since grubbed out. A really unique and, I expect, career defining visit.

You will find our team at a few off-site wine events in the next few months, the dates of which are included on this page. We'd love to have you come along and join us for a day of great local wines and produce.

As always none of this is possible without your ongoing support and at a time when cost of living pressure is impacting us all, your support is very much appreciated.

Thanks and best regards, Bill Sneddon Director/Winemaker

2023 WINEMAKER'S RESERVE SHIRAZ HUNTER & McLAREN VALE

VITICULTURE The composition of this small batch wine integrates the signature characteristics of Shiraz from the Hunter Valley and McLaren Vale regions to form a bold yet vibrant Winemaker's Reserve Shiraz. The Hunter fruit used for 67% of this wine was harvested from an unirrigated single vineyard on volcanic terroir nestled at the foot of the Brokenback Mountain Range. The McLaren Vale fruit is 33% of this blend and was harvested ripe.

WINEMAKING The volcanic terroir of the Hunter Shiraz and 13 months maturation in fine grain French hogshead oak barrels has provided complexity to complement the soft berry palate typically associated with Hunter Shiraz. Cold soaking the ripe-picked McLaren Vale Shiraz for a week has given maximum tannin and flavour extraction followed by maturation in new American hogshead oak barrels for 14 months. This has given the final blend the full-bodied shot in the arm needed to bolster the softer Hunter Shiraz, culminating in a punchy, flavourful, premium reserve wine.

WRAP-UP

We celebrated the 30th Lovedale Long Lunch event on the weekend of May 18 and 19 and it was again a big success. Despite some dicey weather in the lead-up, the skies 'played nice' with us for most of the weekend, less a quick sprinkle or two on Saturday. The little bit of rain didn't dampen our spirits (*pun intended!*) and two days of great wine, food, music, dancing and weather was had by all.

Our Club Members enjoyed the VIP area spread across the new cellar door, the courtyard and the terrace.

A huge thank you to our staff and suppliers who make the event possible, as well as our wine club members, locals, friends and family who came out over the weekend to support us and the event.

Pup-date

Bugzy is nearly 18 months old, her interests have evolved now she's a young lady to include grooming **Sonny**, following Sonny, biting Sonny, annoying Sonny, loving Sonny…you get the picture!

When she's not harassing Sonny she enjoys herding customers from the carpark into the cellar door, dropping her tug rope in your lap to play and finding various dead creatures to bring into the office. Sonny is still a sensitive little guy who hates storms, bad vibes and loud people, but has learned to love (or tolerate) his little sister Bugzy.

We also received a much-welcome visit back in May from our old boy Baxter who has been enjoying his twilight years down in Young. During his stay he fell right back in to his routine of sunbaking in the carpark, demanding butt-scratches from customers and snoozing for 23 hours a day.
